

Technical Data Sheet

Label-Remover Spray 400ml to remove adhesive labels quick and easily, Item 760.400

Product description

Label-Off removes adhesive paper labels from all kinds of material very easy and quick, without damaging the surface. The dissolving substance penetrates the paper and eliminates the label's adhesive strength. Allow the liquid to act until paper is well soaked (appr. 2-4 minutes). Then remove the label easily – long and inconvenient removal of the label disappears.

Area of use

Proven to be very useful for industrial purpose, in the trade, craft, homes, gift shops, household, offices, supermarkets, etc. Due to the strong dissolving power of Label-Off, a few materials such as expanded polystyrene may be attacked by the ingredient. Don't use on Plexiglas, acrylic glass or cd holders.

Benefits

Label-Off removes all kind of adhesive residues as tar residues, glue residues from vignettes, etc. Remaining residues can be easily removed with wipe or paper tissue.

Storage / Shelf Life

Shelf life is 2 years if stored correctly.
